FIELDS-HODGIN.

Marriage Solemnized in This City Last Night.

At 9:30 o'clock last night at the home of the bride on West Washington street, Mr. S. A. Hodgin, of Raleigh, and Mrs. Laura Petty Fields were united in marriage. Rev. Meade A. Kelsey performed the ceremony.

The wedding was a quiet affair, only the immediate family and a few friends being in attendance. After the ceremony an elegant reception was tendered the couple, who left at 11:45 for Raleigh, where they will reside in the future.

They were the recipients of many handsome and costly presents.

Mr. Hodgin is a former resident of this city, but now holds a responsible position in Collector Duncan's office at Raleigh, while the bride is one of Greensboro's most popular ladies.

This popular couple have the hearty congratulations and best wishes of all their friends and acquaintances.

Tonight!

One of the most talented members of that unique organization known as the Ideal Entertainers, which appears at academy tonight, is Miss Helen Cushing who has made an enviable name for herself both as a mezzo soprano soloist and as an authoress and impersonator. One of the most attractive features of the Entertainers' program will be the presentation, by Miss Cushing, of her clever one-act sketch entitled, "Honoroo," in which she will have the assistance of Mr. Louis M. Hall. This charming little play was recently presented by Miss Cushing at Buffalo, N Y., and in it she achieved a double triumph, all the critics agreeing that as much praise was due her for the literary effort as for the finished piece of acting. In her work she shows perfect mental poise coupled with emotional power, which makes one feel in her strongest scenes there is great reserve force in this promising young artiste.

Numbers of people who bought shoes of us last season reinforced with A. S. T. Co.'s Tips, tell us that they last nearly twice as long as shoes made in the ordinary way. We have just received a fresh supply of these excellent little shoes made with the A. S. T. Co. sole leather tip at the toes and extending around the sides. They come both button and laced, and are sold for $1.10 and $1.25.

IS GENERAL JOUBERT DEAD?

This Report Comes to London From Two Sources.

KILLED IN AN ACTION ON 9TH.

Not Generally Believed Yet—Movement to Relieve Kimberly has Begun—Road Wrecked.

By Cable to the TELEGRAM.

Durban, Nov. 16—It is reported that Commandant General Joubert, of the Boer army, is dead. The report comes in a Natal dispatch to the Times. The dispatch says that Joubert was killed in the action of the 9th inst. No details are given. That was on the day the British reconnoisance from Eastcourt revealed the fact that Ladysmith was undergoing a fierce general bombardment. The place was seen to be thickly enveloped in smoke, fires having been started at several points in the town by exploding shells.

IS JOUBERT DEAD?

London, Nov. 16—A dispatch received today from Pietermaritzburg, dated 11th inst., says it is rumored there that the report that Joubert was killed in action is a fact. The news comes from two independent sources. This makes many here believe it is true.

MOVEMENT TO RELIEVE KIMBERLEY.

Cape Town, Nov. 16—A movement to relieve Kimbe ley has begun. As fast as the troops have debarked from the transports they have been sent north on trains. Their destination is kept a secret, but De Aar, 146 miles from Kimberley is the suspected British base. The railroad between Orange river and Kimberley is wrecked. Rand refugees report 400 wounded Boers have been sent to Pretoria from Mafeking as a result of the first engagement at the latter place, when Col Baden-Powell fired the mines of Lyddite under the Boer forces.

RAILROAD DYNAMITED.

Eastcourt, Nov. 13 (delayed)—The Boers are steadily drawing closer. A number of Boer commanders have been seen south of Tugila. The activity of the Boers indicates a possible attack upon this place. The signal corps, under command of Capt Keyser, has been out all day trying to communicate with Ladysmith. The attempts were unsuccessful. A force of about 500 Boers siezed Chieveley station and dynamited the railroad in two places. They withdrew at the approach of the British patrol.

JOUBERT'S DEATH NEEDS CONFIRMATION.

London, Nov. 16—Though the report of Joubert's death comes from different sources it obviously needs conformation before being accepted. At the same time many believe the report well founded, as his death is said to have occurred on the 4th inst, when the Boer riflemen were understood to be within fifteen hundred yards of Ladysmith. As severe fighting occurred the same day, it is regarded in some quarters that it is quite possible that the general was always noted by English sharpshooters.

JIM BRYANT GUILTY.

Jury Return a Verdict of Murder in the Second Degree.

Special to THE TELEGRAM.

Winston-Salem, Nov. 16—In the criminal court today Jim Bryant was convicted of murder in the second degree for killing Burwell Shouse in Salem a few weeks ago. Sentence will be pronounced tomorrow morning.

Lee Walker, colored for killing his wife last June, near Belo's pond, is on trial. The evidence has all been heard and the counsel are arguing the case this afternoon.

Geo. W. Winkler and Miss Edna Fisher will be united in marriage tonight at 8 o'clock in the Home Moravian church.

A GREAT DEAL CLOSED.

New York Central Railroad to Operate from Boston to Chicago.

By Wire to the TELEGRAM.

New York, Nov. 16—The special meeting of the directors of the New York Central Railway and lease of the Boston & Albany road was ratified as amended by the protective committee of the Boston & Albany stockholders. This action makes almost certain the final approval by the stockholders of either company and the subsequent ratification by the Massachusetts legislature, whereby the New York Central will operate under one management from Boston to Chicago.

SITS IN AN EASY CHAIR.

Hobart's Physician Perfectly Confident His Patient Will Recover.

By Wire to THE TELEGRAM.

Paterson, N. J., Nov. 16—Hobart sat in an easy chair today and discussed the news of the day with his wife and physician. The latter is now perfectly confident the vice-president will recover.

Move On!

"Brown," said the partner of the corner office, "you put that notice on the wall, 'No loafing,' and there are now actually five men lounging directly under it. Go out and tell them to move on."

"No," responded Brown, by the way of a joke, "I won't do it. They are beneath my notice."—Chicago News.

EIGHT MILES FOR A POSTMASTER

The Asheboro Courier and the Constitutional Amendment.

Biscoe is a thriving young town which has grown up in the pines of Montgomery county, three miles below Star, at the junction of the Troy and Mt Gilead branch of the Aberdeen and Asheboro railroad, and quite a number of highly respectable people live there and are competent and capable of performing the functions of postmaster, yet Mr. McKinley's administration goes to Troy, eight miles away, and appoints one A F. Sanders as postmaster to succeed the present incumbent, Mr. Martin, who has been postmaster ever since the office was established years ago, and was first called Filo. Mr. Martin did not suit the revenue gang who are running affairs now, so they informed him. They charged that he was an active democrat, and was in the employ of democrats, none of which charges Mr. Martin denies. Therefore he was considered an unfit person for postmaster in the town of Biscoe, where there are no white republicans. So they go off eight miles to the neighboring town of Troy to get a postmaster.

Twelve months ago they would no doubt have selected a negro, but since the last election and with the amendment proposition staring them in the face, republicans are not appointing so many postmasters.—Asheboro Courier.

GOT HIS "LISENS."

A Darkey Who Wanted to Marry—Goes to the Wrong Place.

A troubled-looking darkey walked carefully into City Clerk Michaux's office this morning and inquired the price of "lisens."

"Dray license?" asked Mr. Michaux.

"Naw sah—lisens."

"Well, there are several kinds of license, such as dray license, marriage license—"

"Dat's de kind—marriage lisens—whut's dey wuth, boss?" seriously implored the darkey.

He was told he was in the wrong place. The city clerk showed him the way to the register of deeds, office, and with visions of Hannah dancing through his thick head, the fellow went off at a double quick trot and doubtless got his "lisens."

Fide Violinist.

Miss Elizabeth MacKinstry, who accompanies the Ideal Entertainers announced to give a performance here tonight, occupies a foremost position among the world's best lady violinists. She is a pupil of those great masters, Yakye and Cæsar Thomson, and when she played in London the Musical Courier, in the course of an editorial referring to her unusual abilities, said: "Miss MacKinstry has been singled out by the divine muse as one of those happy creatures destined to rise to heights scaled only by those when for want of a better name, we call geniuses." Her violin solos are among the most instructive musical features of the program of the Ideal Entertainers.

Louise Brehaney Concert Co.

You can get your seats reserved at Ward's drug store for the next entertainment of the People's Course. The Louise Brehaney Concert Co. will give "Faust" beautifully costumed and with special scenery. Monday morning is the time for you to get your seat reserved. Please be on time and do not blame the manager because you did not get a front seat. They are free and will be taken. Every one cannot get on the first floor with good seats. The gallery is a good place. You should not expect so much for the price of your ticket

Death in Salem.

Mrs. Shirley, wife of Prof. H. A. Shirley, musical director at the Salem Female Academy, died at her home in Salem last night, after a lingering illness. The remains were carried through here today to Worcester, N. Y., for interment tomorrow. The bereaved husband accompanied the remains Prof. J. H. Clewell and C. B Pfohl, of the Academy, came as far as Greensboro.

Pumpkin Pie.

Some one, a good old farmer doubtless, left a beautiful, large pleasant faced pumpkin at the office of the editor of the Paris (Tenn.) Press and the next morning the editor sweetly sang:

"When I can elevate my fork,
To swipe a pumpkin on the sly,
I bid farewell to beans and pork
And eat my pumpkin pie.

With the Limit Removed.

"What are you figuring on?" asked the Chicago wife after her husband had covered several sheets of paper with columns of figures.

"Well," replied her husband, "I am trying to find out what the population of our city would be if we had no city limits at all."—Judge.

Awful Thought.

"No," he answered. "I just happened to think of what I might be suffering if I were an elephant."—Indianapolis Journal.

THE MISSISSIPPI SENATOR,

Mr. Sullivan, Airs His Views on the President's Policy.

HE IS IN FAVOR OF EXPANSION

And Thinks It Would Be Folly for the Democrats to Oppose it at Next Year's Election,

Special to The Telegram.

Washington, D. C., Nov 16—Senator Sullivan, of Mississippi, has just returned to the city, having come for the session of congress which will convene next month. The senator while here is stopping at the Riggs House. In conversation the senator expressed the opinion that the election just held was without special significance. He thinks there is no reason why either party should feel over elated or over depressed at the results. For instance, he says, that he expected Ohio would go republican, and that Nebraska would go democratic In Maryland, he admitted that the result was of an encouraging nature to the democracy, and he expects to see that state remain in the democratic column next year.

Senator Sullivan is an ardent supporter of President McKinley's foreign policy, and is an advocate of expansion. The people of Mississippi, he says, are in favor of the policy of annexation and wider markets for the United States. The senator has been campaigning through Mississippi against his opponent for the United States senatorship, Judge Lowery. The senator believes that the people of the state are in sympathy with his views on the question of expansion, and that he will be returned to the senate at the proper time.

The senator says that in his opinion to antagonize the policy of the president in the Philippine matter next year will be folly for the democracy. As for himself, he says, he believes that the doctrine of expansion is the only right one, and that there will be no sagacity in opposing the issue simply because it first happened to become the policy of the national administration.

Fourth Assistant Postmaster General Bristow has just returned from a two weeks' visit to Kansas, where he went for the purpose of casting his vote in the Kansas election this month. Gen. Bristow is much pleased with the success of his party in his state. The republicans, he stated, made great gains all over the state, and he thinks Kansas next year will cast its electoral vote for President McKinley The feeling out west, says Gen. Bristow, is in favor of the administration, and the president is gaining friends by his vigorous foreign policy every day Kansas four years ago went for Bryan, but Gen. Bristow says next year it can be set down in the "sure republican column."

During the absence of Gen. Bristow from Washington there have been no fourth class postmasters appointed The list of appointments will be issued hereafter as formerly.

Major William H. Smyth, postmaster at Atlanta Ga., and a prominent Georgia republican, is in the city for a few days, accompanied by Mrs. Smyth. While here they are stopping at the hotel Shoreham. Maj. Smyth is postmaster at Atlanta, and is one of the city's most prominent citizens. He stated the other day that he did not think the Georgia legislature would pass the proposed election law which is somewhat similar to that in vogue in Louisiana, South Carolina and other southern states. The present election law in Georgia provides, said Mr. Smyth, that no person can vote who cannot show that he has paid his taxes without intermission for the past twenty years. Under this statute, not more than forty per cent. of the negroes can cast ballots in the state.

Major and Mrs. Smyth will remain at the Shoreham hotel for several days, the major being here on business of interest to the Atlanta post office.

Mr. Kosiosco Kemper, Jr., of Virginia, has returned home for a short visit, but will return to the state of Mississippi in a few days.

James H. Johnston, of Texas, who has just been appointed by President McKinley to be consul of the United States at Coaticook, Quebec, Canada, is a native of this section, having been born at Clarksburg, West Virginia. He is now engaged in farming and stock raising in Colorado county, Texas.

The site of the post office at Lotitia, Cherokee county, N. C., has been moved two miles southeast.

Goes as a Musician.

J. A. Haldin, who was second lieutenant of the First North Carolina regiment, has been enlisted at the recruiting office here as a musician in the Forty-first regiment band. He was sent to Camp Meade, Pa., today to join his regiment, which will depart next Saturday for the Philippines. Haldin was enlisted by Lieutenant Settle under authority from the adjutant general at Washington.

Hoax—"Your hair is getting thin." Joax—"Yes; I never did like fat hair."

Blobbs—"This man Markham, who wrote 'The Man With the Hoe,' seems to have struck itrich." Slobbs—"Yes, and yet they say the poet has a hard row to hoe."

"In my business," remarked the landlady of the lodging house, "one loses confidence in mankind. I have been so deceived with promises of pay that I no longer believe a rumor."

MARRIES ONE WOMAN TWICE.

He Did Not Know His First Was Living—Divorce and Re-Marriage.

There is rather a singular case in our county now, somewhat similar to one which appeared in one of the New York papers quite a while ago, involving a lady in an adjoining county.

The case of which we speak is that of W. S. Craver, who lives out at the Bala mill. Quite a number of years ago he married a lady. They became separated and after a considerable perid of time, having reasons to think his first wife was dead, he marrie a lady named Miss Lillie Blackburn. After his second marriage his first wife was found to be living, and he was now a husband to two wifes. In order to not violate the law, which would have been dangerous, and giving the light to the case in regard to his assumption that the first wife was dead, he was at last term of court granted a divorce from his first wife and the second marriage was declared null. So on last Saturday evening Esquire W. J. McLaughlin, who lives out at the Bala mill, performed the ceremony, uniting again Mr. Craver and Miss Blackwelder. Now Mr. Craver has answered to three marriage vows, yet with only two different ladies.

RUSSIA-JAPAN.

Russia, the "peace promoter" of "The Hague" celebrity, is, if all reports are true, endeavoring to bluff Japan, and Japan won't be bluffed. Russia, while owning so very much of the land of Europe, is generally thought to be rich and powerful, either of which she is not. The finances of the czar's kingdom are stated to be strained to their utmost to meet the expenses of the contemplated enlargement of the navy, the creation of new ports on the Arctic Ocean and the Yellow Sea, the alleviation of her oft occurring famines, and the building of the great railway system covering Asia from end to end. Japan is little, but she is extremely wieldy and wiry, and entirely up-to-date in the scrapping art, and the Bear would doubtless find her a formidable foe. Korean preeminence is the apple of discord. But there is not much danger of a clash, it is thought by conservative diplomatists.

The Philadelphia Record—a very well informed paper—has to say on the subject:

A war, even if successful, would be ruinous for Russia. It is not the czar, therefore, who can be suspected of a desire to pick a quarrel. The disarmament proposals which led to the recent international conference at The Hague had their motive in the present need of Russia for a prolonged period of peace no less than in the dreamy sentimentalism of Nicholas II. Japan, on the other hand, may be supposed to have more to gain by forcing an issue. The completion of the Siberian railway would make the concentration of Russian armies on the frontier of Korea incomparably easier than it is now. The strategic value of this railway, however, has been exaggerated; but the closeness of Japan to the possible scene of operations, the shortness of her lines of communication and her command of the sea would prove to be of advantages which the possession by Russia of an attenuated connecting link with a base more than 6,000 off would not countervail. Japan will need only to maintain a status quo in Korea; Russia cannot acquire the coveted land except by militay conquest. In the meantime her rival can depend upon the Japanization of Korea by the slower but more thoroughgoing influences of immigration and commerce.

There's many a heavy pair of eyes today throughout the length and breadth of the land as a result of insomnia last night. Thousands watched for the Leonids, but they didn't put in an appearance. Early in the night, one stray meteorite, lost from his refulgent companions—or never having been with them—with great self-importance shot himself across the heavens in an effort to make citizens of the earth believe he was the advance agent of the big aggregation of celestial bodies, which we are all waiting for so patiently. But the throng didn't show itself. And the astronomers have fooled us again. But we are assured that the shower of meteors will occur tonight—between midnight and sunrise tomorrow morning.

To General Otis:

There was once an Irishman who saw a flea. He raised his brawny finger and put it on the flea. He then chuckled to himself that the little pest would never more pester him by crawling up and down the inside of his trouser legs. But when, with a satisfied smile, he raised his finger to perform the work of extermination, lo and behold! the flea was gone.

The Danville Bee is talking about building a hive, or gum, as we say in the country. Better wait until spring when the blossoms come again. A fourteen story bee gum in the winter with no honey in it would be a cheerless thing. But perhaps the Bee has it straight, by wireless telegraphy, that the flowers will surely bloom and wants to be ready. If so, all right.

The South African war was still going on at last accounts. Ladysmith, defended with desperation by White and his English and assaulted with fury by Joubert and his Boers, is the bone of contention. It has always been and ever will be that woman is the cause of half the trouble between man and man.

If Ladysmith has fallen, by all means some one should assist her to her feet.

1. Where is Aguinaldo?
2. When are the stars going to fall?

The result of the election in Kentucky, the situation at Ladysmith, the intensity of the strained relations between Russia and Japan, and other queries of lesser importance than "Who struck Billy Patterson?" will take a back seat until the public curiosity is quieted on those two mentioned above.

In his recent speech at the Guildhall banquet Lord Salisbury said, "We do not seek gold fields or territory." This remarkable statement can only be explained on the theory that "we" have done found them.

SCOUTS THE IDEA OF WAR.

Russia's Relations With Japan Are Not Strained.

Washington, Nov. 15.—In view of the reported imminence of war between Russia and Japan, concerning rights in Korea, the statements made today by Mr. Alexander Pavloff, the Russian minister to Korea, who happens to be in Washington as the guest of Count Cassini, the Russian ambassador here, are most opportune and important. Mr Pavloff is an accomplished diplomatist with extended experience in the far East, and was of the staff of Count Cassini at Peking when Russia acquired Port Arthur and Talien-Wan, and later was advanced to the post of minister to Korea. Mr. Pavloff was seen at the Russian embassy today and spoke quite frankly of the recent war rumors. He said:

"I left Korea only four months ago, going to St. Petersburg, so that my information is quite direct and official, and I assure you there is no basis whatever for reports of conflict between Russia and Japan over Korea. On the contrary, the two countries have entered into two formal compacts by which it is agreed that the independence of Korea shall be maintained. Those compacts were concluded at St. Petersburg and Tokio and they are so explicit that the reports of conflict as to sovereignty over Korean territory show an entire ignorance of the written agreement under which Russia and Japan are acting towards Korea.

"The war rumors appear to be based on an alleged conflict over the port of Masanpo. It happens that I am personally familiar with this affair, as it developed before I left Korea. Masanpo is one of the new treaty ports on the southern coast of Korea. There has been no question as to the freedom of the port to all nations alike and no questions of favor or discrimination between Russia and Japan have occurred as to this port. But a purely personal and private difference arose some months ago as to the ownership of certain lots at Masanpo. Russian residents had secured a right to purchase the lots and were awaiting the assent of the Korean government. Pending this consent Japanese citizens purchased the same rights. This, however, was purely a private difference, in which the governments of Russia and Japan had no part."

A CHRISTIAN SCIENCE PROBLEM.

A Dozen Ladies of That Faith Refuse to be Vaccinated.

Atlanta, Ga., Nov. 15—A special to the Constitution from Americus, Ga., says: "The city authorities of Americus are in a tangle with the Christian Scientists here, on the issue of compulsory vaccination. A month ago the city council adopted an ordinance requiring compulsory vaccination and nearly the entire population has been punctured.

Today one of the most estimable ladies in Americus, a Christian Scientists, was brought before Mayor Hixon for refusing to be vaccinated, and the mayor sentenced her to 30 days in the police barracks. Before the sentence was executed, Christian Scientists asked a suspension until tomorrow, when a dozen other ladies of that faith will be summoned before the mayor. The ladies declare emphatically that they will resist vaccination to the end, and will go to jail in support of their position.

GOEBEL A GONER.

No Chance to Be Governor—Preparing to Sacrifice Blackburn.

Louisville, Ky., Nov. 15—Although the count is still going on and is being fought with great vigor on either side, there now little doubt that Goebel has given up hope of his election. The Courier-Journal this morning claims a plurality of one vote for Goebel on contested and uncontested votes, but corrected figures do not even bear out this claim. On the other hand, in two counties in which the democrats claimed contests, the officers have declared that the votes were legal, thus adding over 1,000 to the Taylor column.

State Senator Linney, who has been supporting Goebel, arrived in the city this afternoon from Frankfort. He confirms the story that Goebel has given up hope of being elected, but that he is laying his wires to make himself senator. According to the story, Blackburn is to be sacrificed outright, and also the remainder of the state ticket.

IF WOOD HAD BEEN AT MANILA.

Dewey Says There Would Have Been No Prolonged War.

Washington, Nov. 15—Shortly after his return here Admiral Dewey made this statement, in response to an inquiry as to whether the conflict with the Filipinos could have been avoided:

"If Leonard Wood (that is, General Wood, in command at Santiago) had been in command of the forces at Manila there would have been no war; or if there had been, it would have not lasted more than six weeks. You are the twenty-sixth man I have said this to. The twenty-seventh will be the president." He did then go and make the same statement to the president.

HARRIS LITHIA WATER

Is the Strongest Natural Lithia Spring Water On The Market

And has the endorsement of the most noted physicians from all parts of the country as to its superiority over all other waters. Read what some of them have to say for Harris Lithia Water.

Asheville, N. C.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.
Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,

Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,
Geo. Howe, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge, or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powertully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J. Q. Wilbur, M. D.
Walterborboro, S. C.

Read what the noted Dr. Thomas S. Powel has to say for Harris Lithia Water:

Mr. J. T. Harris:

Dear sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully pours,
Thomas S. Powell, M. D.
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.

Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated. In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal, dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most excellent remedy in the uraic acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,
A. W. Burnet, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

J. T. Harris, Esq., Harris Spring, S. C.:

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman,
Pres. S. A. L. R. R.

REPRESENTATIVE ROBERTS FIRM

He Has No Idea of Resigning His Seat in Congress.

New York, Nov. 15—Congressman B. H. Roberts, of Utah, who is at present in this city, today denied the report that he intends to resign his seat shortly after congress meets in pursuance of the wishes of the elders of the Mormon church.

"I have seen many such stories since I came east," said Mr. Roberts, "but there is absolutely no truth in them, and absolutely no basis for the statement. I will say as emphatically as I can say it, that I do not intend to resign, and never have had any such intention since my election. I was fairly elected, and propose to fight it out to the end with all the vigor at my command. Those who know me are aware of this intention on my part, and will not credit these reports, no matter in what terms they may be couched. I have also heard it said, and have seen it in print, that the presence of many Mormons of influence in New York at the present time is for the purpose of inducing me to resign my seat and go back to Utah. As a matter of fact there never has been a suggestion made from any Mormon elder or Mormon of influence that I should resign.

"The Mormon church has no more to do with politics than the Episcopal church or the Roman Catholic church. It is not in politics. I was elected on purely political lines and will go to congress absolutely free of this so-called church influence over me."

Hobart's Condition.

Paterson, N. J., Nov. 15—Vice-President Hobart passed a comfortable day and tonight is resting easily. He has eaten solid food for some days now. He was very much grieved to learn of the death of Major Logan in battle. They were personal friends, and at Washington the major was at many of the social functions given by the Hobarts.

This is the best remedy in the world for la grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia

"See here," exclaimed Henpekke, as he put on a pair of very baggy trousers, "I pressed my suit before we were married, and now it seems to me that you might return the compliment."

J. D. Bridges, editor Democrat, Lancaster, N. H., says: "One Minute Cough Cure is the best remedy for croup I ever used." Immediately relieves and cures coughs, colds, croup, asthma, pneumonia, bronchitis, grippe and all throat and lung troubles. It prevents consumption. Howard Gardner.

Spanish Message to Aguinaldo.

Washington, Nov. 15—The message which General Otis was directed from Washington to send to Aguinaldo, was transmitted at the request of the Spanish government, and had nothing to do with the military situation in the Philippines. It related to exchange of Spanish prisoners in the hands of the Filipinos, and the war department and General Otis acted merely as the means of transmitting it to the insurgent chief. The only importance attached to the matter is that it may be the means of locating Aguinaldo. Gen tis sent the message to MacArthur at Tarlac for delivery, and this indicates a belief that Aguinaldo has not escaped to the mountains.

Not a Surprise.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by C. E. Holton, druggist.

Chamberlain's Pain Balm Cures Others, Why Not You?

My wife has been using Chamberlain's Pain Balm, with good results, for a lame shoulder that has pained her continually for nine years. We have tried all kinds of medicines and doctors without receiving any benefit from any of them. One day we saw an advertisement of this medicine and thought of trying it, which we did with the best satisfaction. She has used only one bottle and her shoulder is almost well.—Adolph L. Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant.

"Your kindness to me I can never forget," writes Mrs. Josie R. Clark, of Enterprise, Shelby Co., Mo. "I had despaired of ever getting well. I had been in bad health for twelve years. Had aches all through me, numb hands, cold feet, and everything I ate distressed me; bowels constipated, was very nervous, depressed and despondent. When I first wrote to you I thought I could never be cured. I have taken six bottles of Dr. Pierce's Golden Medical Discovery, and my health is now good. You have my honest recommendation to all sufferers."

If the bowels are irregular they can be regulated perfectly by Dr. Pierce's Pleasant Pellets.

NO COVER FOR AGUINALDO.

Island Possesses No Place Where Army Cannot Reach Him.

Manila, Nov. 14, 8:40 a. m.—Just before Aguinaldo left Tarlac he issued a proclamation, of which General Otis has been advised, transferring the Filipino capital to Bayombong, claiming that the unsanitary condition of Tarlac necessitated this.

It is supposed that the leaders of the insurrection who are not already at Bayombong are retreating to that place, though when they left Tarlac, whether they are traveling with the army, how many of the soldiers they were able to hold together and whether the leaders or the troops have gotten beyond Gen. Lawton's line are all unknown.

With the Americans advancing at the present rate they could drive the insurgents from Bayombong in a fortnight, and it is impossible for the Filipinos to establish another capital in Luzon which cannot be captured within a month.

The rapid approach of the Americans was a complete surprise to the insurgents. The Filipinos thought it impossible for the Americans to make headway in the mud and the sudden invasion astounds the natives along the line of General Young's march, who had been told that the Americans were confined to the suburbs of Manila.

A majority of the natives welcome the army enthusiastically, but some who have been deluded by stories of American cruelties hide in swamps. Women who are unable to flee fall upon their knees, holding up crucifixes and begging to be spared. When the news spreads that the Americans intend to remain and establish order, the population flock to their homes, bringing with them their cattle and household goods.

The insurgents have drained the resources of the province. The army has impressed a large share of the crops, and the people are miserably poor. Everywhere are elaborate trenches built by the non-combatants, working day and night.

The Americans found large stores of rice at Tarlac, Tubig and elsewhere, and several thousand new Filipino uniforms were captured at Tubig. Thirty insurgents surrendered to Gen. McArthur, receiving $30 each for their guns.

You never know what form of blood poison will follow constipation. Keep the liver clean by using DeWitt's Little Early Risers and you will avoid trouble. They are famous little pills for constipation and liver and bowel troubles. Howard Gardner.

LIGHT ON A MYSTERY.

Missing Man Turns Up in Asheville. How Did He Get There.

Nyack, N. Y., Nov. 15—The mystery of the strange disappearance last week of Rev. W. H. Dexter, principal of a military school here, has been cleared up. Last evening Mrs. Dexter received a telegram from Andrew N. Morse, of Asheboro, N. C., stating that he had found Dexter an invalid; that his mind was clearing up and he would be home directly. Mrs. Dexter kept the telegram a secret until she received further particulars. This evening she received a letter from Morse, who is an old family friend, confirming the telegram, but not stating how Dexter reached Asheville, or what led him to go here.

It is believed, however, that the story printed some days ago of a well-dressed man resembling Dexter, who attempted to catch a ride on a freight train in Virginia, referred to the missing man. Dexter's friend still believes he was sandbagged and robbed in New York and that this caused his mind to become clouded. They think he wandered off without knowing where he was going, and by stealing rides reached Asheville, where he had friends living.

Fort Caswell Damaged.

Atlanta, Nov. 15—A special to the Constitution from Raleigh, N. C., says:

It is learned that the damage to Fort Caswell, at the mouth of Cape Fear river, by the hurricane of October 31st, is so serious that the government will have to spend $250,000 to restore the work and to provide protection against further storms.

The damage is estimated at $500,000. A breakwater will have to be constructed around almost the entire island. This it is estimated will cost $200,000.

Three Killed in a Wreck.

Richmond, Nov. 15—In a freight wreck on the Norfolk & Western road near Riverton this afternoon, brakemen Daly and Metz, of Hagerstown, Md., and an unknown negro tramp, were killed, and Wilbert Carey, station agent at Riverton, was seriously injured. The engineer and firemen jumped and saved themselves. Spreading rails caused the accident. Many cars were demolished.

Dr. H. H. Haden, Summit, Ala., says: "I think Kodol Dyspepsia Cure is a splendid medicine. I prescribe it, and my confidence in it grows with continued use." It digests what you eat and quickly cures dyspepsia and indigestion. Howard Gardner.

It's a cold day when the iceman gets left.

Geo. Noland, Rockland, O., says "My wife had piles forty years. DeWitt's Witch Hazel Salve cured her. It is the best salve in America." It heals everything and cures all skin diseases. Howard Gardner.

"Are your sympathies with Cornell or Pennsylvania, my little man?" asked the sister's beau. "Well," replied the little man, "when the game comes off I think I'll be on the fence."

LaGrippe, with its after affects, annually destroys thousands of people. It may be quickly cured by One Minute Cough Cure, the only remedy that produces immediate results in coughs, colds, croup, bronchitis, pneumonia and throat and lung troubles. It will prevent consumption. Howard Gardner.

HOW THEY SAVED THEIR HOME.

They started their new happy life of love and hope together in a trim-bright-tinted little house that stood back upon a terraced lawn. A smooth path led to the broad "stoop" and hospitable piazza. The long sweep of roof, the wide-curving "bays" and the little western turret with oriel windows bespoke ample room and light and air and gorgeous sunsets.

"O, how they loved that little home! He was industrious, frugal, ambitious; she a tender wife with a heart full of devotion; and both of them determined at any cost of struggle or sacrifice to earn and pay for

this cherished dwelling place, and possess it as their very own; a cosey nest in days of sunshine, a refuge in time of trouble, a fireside, a home.

HOW TROUBLE CAME.

At first it seemed smooth sailing. He was glad to work over-time, and she being deft with needle and scissors helped the neighbors with their gowns. In such ways a few dollars were added to the small, home-making fund. Day after day, early and late, they earnestly planned and toiled, never realizing that they were going beyond their strength, until the little breakdowns began to come.

Many a morning he would rise with his head feeling as he expressed it, "like a lump of lead," and no stomach for the dainty breakfast she had prepared. "O, you must eat!" she would exclaim anxiously, "You can never work without it." And all the time trying to smile, she would pass her hand lightly across her own forehead as if to brush away the pain that snapped and darted underneath.

Then came days when he could neither eat nor work at all; when his sight was blurred and dizzy, his limbs weighted down as if with shackles; his whole body full of sickness and nausea and distaste of living, and his mind dark with dismal forebodings. Describing this terrible time afterward he said to a friend:

"What troubled me most was that I could not understand what was the matter with me. The doctors said it was consumption; they did me no good. I knew something was killing me by inches. Finally I had to give up and go to bed. I could hardly lift my head off the pillow. My brother wanted to write to Dr. Pierce of Buffalo, and brought me three bottles of his 'Golden Medical Discovery' and begged me to take it. I didn't have much faith but said to my wife:

"What's the use? The doctors don't help me a bit and nothing else will. At this rate I'll die anyway. This 'Discovery' can't hurt me; it may help me; I'll try these three bottles just to please Jim." He was right too. The first bottle went straight to my digestion and gave me an appetite so I relished my food. I felt as if every mouthful was doing me good and making good blood in my veins. I began to feel better and pick up my flesh; my bowels came around right and I guess my liver sort of waked up. My cough stopped. I got good and strong and in four weeks I was back at work again like a man."

HOW TROUBLE WENT AWAY.

"My wife never let on how miserable she was feeling all the while; when I found it out I made her take the 'Discovery' too and Dr. Pierce's Favorite Prescription for her nerves, and she says she's just made over new again. I sent for his great 'Medical Adviser.' It's the grandest book you ever saw. If we'd had it before, we would have saved hundreds of dollars."

Then came new hopes, new plans, new power and fresh achievements. The little home in time became their very own, earned and paid for by the erstwhile nerveless hands and brain now restored to vigor and activity by the most remarkable life-renewing "Discovery" that medical science has ever revealed to man. And when at length a sweet, fresh little life came to bless their lives, they felt that happiness was complete.

This is a true story and it cannot be told too often or too strongly. What this great "Discovery" did for this man, it has done for thousands of men and women in every corner of this Union, and in every civilized country on the globe.

The "Golden Medical Discovery" is sold by all good dealers in medicines every where.

BITTER AGAINST BRYAN.

The Feeling of the Nebraskan's Former Kentucky Friends.

Lexington, Ky., Nov. 15—It became public tonight that the Brown Democrats held a secret meeting before Bryan came to Kentucky to speak for Goebel and pledged themselves to vote for Brown for governor if Bryan came not, and if he came to vote straight for Taylor and the Republican ticket. They wrote letters to him to remain at home, telling him it would not do Goebel good and would injure his own chances of carrying the State.

He refused to listen to their protests and they got mad. They declare that he shall not receive the delegation from Kentucky in the next national democratic convention if they can help it. They say that had they voted for Brown, as originally intended, Goebel and the entire state democratic ticket would have been elected; so that the coming of Bryan has resulted in the election of Taylor beyond a doubt. They are more bitter against Bryan than were the sound money democrats in 1896.

No Cigarettes for Tennessee.

Nashville, Tenn., Nov. 15—The Supreme court of this state has decided against the American Tobacco Company in the test case brought to ascertain if cigarettes could be sold in Tennessee under the Rogers anti-cigarette law of 1897. The court held that the law providing for a revenue tax on the sale of cigarettes could not stand and was contrary to law prohibiting such sale.

Robbed the Grave.

A startling incident, of which Mr John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

Nell—"Charlie proposed again last night and I refused him for the last time." Belle—"Hadn't you better be careful, dear? He might take you at at your word."

Used by British Soldiers in Africa.

Capt. C. G. Dennison is well known all over Africa as commander of the forces that captured the famous rebel Galishe. Under date of Nov. 4, 1897, from Vryburg, Bechuanaland, he writes: "Before starting on the last campaign I bought a quantity of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used myself when troubled with bowel complaint, and had given to my men, and in every case it proved most beneficial."—For sale by C. E Holton, druggist.

Remains of Miss Toms Carried to Rutherfordton for Interment.

The remains of Miss Linda Toms, the young lady who died of heart failure at the State Normal College here at 11 o'clock yesterday, were carried to her home at Rutherfordton last night to be interred today

Prof. J. Y. Joyner, of the Normal faculty, accompanied the remains to Rutherfordton.

A committee of Normal students paid their last respects to their beloved school mate by escorting the remains to the depot.

The deceased was about 18 years of age and a most estimable young woman. During her brief stay at the Normal she made many warm friends among the students and faculty.

Mrs. J. R. Dover, a sister of Miss Toms, arrived at 11:43 last night from Georgia, and left for Rutherfordton early this morning to attend the funeral obsequies. J. A. Logan, an uncle of Miss Toms, has also gone to Rutherfordton.

During the seven years of its existence only two students have died at the college. The sympathy of the entire community go out to the bereaved ones.

Shut Their Doors on Him.

We take the following item from the Asheboro Courier:

We learn that Rev. T. C. Hodgin will return from Asheboro to Greensboro and will rent Hogan's auditorium and call it holiness temple. It is said that Mr. Hodgin has done this because of the fact that the churches of Greensboro have shut their doors on him. His meeting will probably close this week at Asheboro.

Revenue Raid in Stokes.

Deputy Collector Walker returned this morning from a raid in the Brown Mountain section of Stokes county. One illicit distillery was destroyed on the morning of the 14th at 4 o'clock, and the owner arrested and lodged in jail to await the action of the federal court. Deputy Marshal George Priddy accompanied Mr. Walker in the raid and when they discovered the still there were seven men there and all seemed to be enjoying themselves. Only the owner was arrested.

BRIEF LOCAL MATTERS.

Rev P. J. Carraway went to Winston this afternoon.

Kerr Craige, of Salisbury, was registered at Clegg's last night.

W. J. Ridge returned at noon from a business trip to Randolph county.

Dr. J. T. Johnson will go to Asheville tomorrow on a professional trip.

The Eagle Hose Company will have an important business meeting tomorrow night.

P. H. Hanes, of Winston, passed through the city this afternoon enroute to Washington.

H. J. Blauvelt, a well known architect of Winston, is spending the afternoon in the city.

Ed McKinsie, of Salisbury, was a passenger on No. 36 today. He was going to Danville.

The Mabel Paige company went to High Point this morning to fill a three days' engagement.

The lawyers will meet in a few days and arrange a calendar for the December term of Guilford superior court.

District Attorney Claude M. Bernard passed through here yesterday enroute to Pilot Mountain to visit relatives.

Hon. R. B. Glenn, of Winston, passed through here today enroute to his farm in Rockingham county to shoot birds.

Mrs. C. H. Beard and little daughter, of Mt. Airy, were in the city today on their way to Kernersville to visit relatives.

The Smith Sisters, who appeared at the Academy of Music last week, passed through yesterday evening going to Roanoke.

Three prisoners broke out of the lock-up at Reidsville Tuesday night and Chief of Police Apple was here last night looking for them.

The Southern Railway has issued a new book of rules to all of its employes. The rules affect the whistle signals and went into force yesterday.

The Ideal Entertainers, who hold the boards at the Academy of Music tonight, arrived in the city this morning and are stopping at the McAdoo.

The Ideal Entertainers have arrived. They are in excellent voice, and their performance tonight will far surpass anything ever previously given in this city.

Boys, get down in the gutter. If you have a pair of Brownie Bib overalls you are all right. See ad of Rankin, Chisholm, Stroud & Rees on first page.

It is understood that the most fashionable and representative audience ever assembled in Greensboro will be at the Academy of Music tonight to see the Ideal Entertainers.

Though there will be a very large crowd at the theatre tonight, the manager will see that all are made comfortable. Really, one will do himself an injustice by staying away.

Rev. M. D. McNeill, of Sanford, passed here today returning home from Burlington, where, on yesterday, he officiated at the marriage of Miss Emma Coble to Mr. Cad Albright.

The fight Tuesday night, in which Frank Donnell received a cut on the neck by a negro woman, occurred at Thornlow's distillery, and not at Wilkerson's, as reported in yesterday's paper.

Aleck Headen, who was charged with hitting the little child of E. J. Stafford on the head with a rock Tuesday afternoon, was given a hearing before Mayor Taylor last evening and charged $10 for his deed.

A one-armed hobo came in on No. 11 from the north this morning and was given fifteen minutes to leave town. He started up the railroad track at a gait that would make the average pedestrian ashamed of himself.

Superintendent John E Ray, of the Blind Institute at Raleigh, was in the city at noon today to meet a young girl from the western part of the state who is deaf, dumb and blind. She is the only person in North Carolina that is thus afflicted.

After a lingering illness from lung trouble Miss Clara Tickle, daughter of Mr. and Mrs. C. A. Tickle, died at the home of her parents near McLeansville yesterday morning, and interment was made at Friends' church at 11 o'clock today.

When you want insurance, you want it in strong and reliable companies, and in companies that do not try to force you to compromise the settlement. The companies that Murray Bros. represent are time-tried and fire-tested. Read their new ad.

The gold watch which Mamie Smith charges Cabott Vickers with stealing, was recovered by Constable Dave Scott this morning and delivered to its rightful owner. Vickers sold the time-piece to Pawnbroker Stadiem and the latter disposed of it to a negro.

W. W. Wood, agent for the Ætna Life Insurance Company, on yesterday settled the Archibald S. Worth share of the $10,000 policy on the life of his father, Mr. Daniel Worth. Young Mr. Worth has just returned from Cuba, where he was when the other shares were paid recently.

Watch and Wait.

Some of our citizens who have been rubber-necking for the past two nights to witness the grand meteoric display, which the wise men promised, are becoming disgusted, and one man was heard to remark this morning that if all the stars in the heavens were to fall tonight he wouldn't see them, for he intends to retire at sundown to make up lost sleep. One person suggested that perhaps the shower was delayed in transmission, while another thought it had slipped its trolly. It would be well, however, to be on the lookout again tonight, because if you do fall to see the stars you may regret it. Remember it will be thirty-three years before you have another opportunity of witnessing the phenomenon.

THE LITTLE EGYPTIAN.

Well Rendered by Mabel Paige and Her Company Last Night.

Miss Mabel Paige, supported by the Marshall Comedy Company, presented "The Little Egyptian" at the Academy of Music last night to a fair-sized audience and the play was thoroughly enjoyed by every one. This closed the engagement in this city and is the strongest bill put on by the company, and was a fitting climax to their performances here. It was well rendered and well received, and provoked liberal applause from the appreciative audience. The play has a deep plot in which you become interested at the beginning and can appreciate.

Miss Mabel Paige, as Violet, or Bright Eyes, "The Little Egyptian," sustained her good reputation as an artist, while Ed Nan Vechten, as Wm A. Bokus, and Chas. Frey as Ebenezer Bokus, Esq., did some excellent acting. The other members of the cast are deserving of praise.

A frieze on the wall won't reduce the coal bill.

The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

"If you would escape the rock upon which the lamented Burns split;" take shelter from the storm that is bound to spend its fury upon you when the fatal summons comes, by at once securing the magnetic contract offered by the Provident Savings.
